## Job description

If you are the type of individual who is bored by doing the same thing all day, we are the company for you.

If you like touching all things construction and have talent for it, we are looking for individuals who can do a patch of drywall, paint, install laminate and frame.

30% of what we do is emergency response and the other 70% is small contracts in those same locations. You will be working in school boards, hospitals Airports, governments (Parliament Hill, City of Ottawa and Ottawa Housing)

### *Requirements:*

- Drivers License
- Capacity to have a police check (vulnerable sector check)
- Support our On-Call service. Once every 5 weeks, you will be on call to respond to building emergencies such as a flood in a hospital, board up a window at a school as examples.

### *Responsibilities:*

- Repair and re-install building components such as baseboard, drywall, door, suspended ceilings and flooring
- Specialized demolition of building components

### *Rewards:*

- Training in other facets of the construction industry to increase your value. - Water, Mold, Asbestos Remediation / Drywall, Mud, Sanding / Painting and Trims / Framing, suspended ceilings / Flooring, VCT, Laminate, Epoxy.
- Training to grow in leadership roles from technician, senior technicians, site supervisor, Service Project Manager, Project Manager.
- Full time, 40hrs employment year long
- \$1,000 in benefits
- Flexibility on schedule
- Above Average Wages
- Respect... This company was built by a mason and a framer... we treat our employees the same way we like to be treated

Job Types: Full-time, Permanent

Salary: \$22.00-\$28.00 per hour

COVID-19 considerations:

We are taking all the proper protocols. We also do bio-remediation... hence Covid 19 disinfections.
