

# Mohammad Tauseef, M.Eng.

☎ 343-2620536

Email: [nitkaif@gmail.com](mailto:nitkaif@gmail.com)

## SUMMARY

---

- 3 plus years of professional experience in the construction industry, gaining valuable transferable skills in strategic planning, and project management for diverse civil engineering projects.
- Strong track record of attention to detail and working in fast-paced environment.
- Ensuring compliance with building codes, environmental regulations, and other relevant government laws.
- Substantial knowledge of managing contractor/subcontractor and vendor relations.

## EDUCATION

---

**Master of Engineering in Civil Engineering**, University of Ottawa **Jan 2022 – April 2023**  
(Traffic Engineering, Advance Foundation Engineering, Project Management Information)

**Bachelors in civil engineering**, National Institute of Technology, Manipur **July 2014 - May 2018**

## PROFESSIONAL EXPERIENCE

---

**Works Engineer | IRCON International** **Agartala , Tripura, India | Oct 2020 - Feb 2022**

- Executed Viaduct major bridge segment with 113 Pier & composite girder spans for railway project.
- Reviewed design and architecture drawing, pricing and market correction and implemented same on site.
- Defined the scope of work and approval of BBS and RFI for the structure and billed to the contractor accordingly.
- Plotted site layout issues and drawing on AutoCAD using Total Station and other surveying tools.
- Verified billing of the erected structure as per client BOQ (Billing of quantity) and discussed with stakeholders.

**Assistant Engineer | KEC International Ltd.** **Raebareli , U.P , India / Dec 2018 - Sep 2020**

- Carried out Minor and Major Bridges with deep and shallow foundation for New Railway Line doubling Project.
- Managed project planning and documentations, scheduling, and technical specifications of the project.
- Evaluated the technical issues and root causes in project and played a key role in tackling the same.
- Collaborated with planning team to assist them using MS Project with cross functional team.

**Site Engineer | Gupta Builders** **Raebareli , U.P , India / Jun 2018 - Oct 2018**

- Monitored execution progress and quality to ensure that projects were completed on time and within budget.
- Ensured that construction sites were safe and secure, and implemented safety procedures when required.
- Conducted site inspections to ensure that work was carried out according to approved plans and specifications.

**Engineer Intern | National Institute of Technology Jaipur** **Rajasthan, India | May 2017 – Jun 2017**

- Worked on multiple software like Etabs, SAP 2000 and Staad Foundation to design earthquake resistant commercial and residential buildings.
- Assisted in the design & construction of various infrastructure projects such as bridges, highways, and buildings.
- Conducted research & analysis on materials & construction methods to recommend solutions for project challenges.

## SKILLS

---

**Designing skills:** AutoCAD, Revit, SAP 2000, STAAD Pro, Etabs, Primavera P6

**General Skillset:** Estimating and Cost Control, Analytical and Technical Skills, Problem-Solving and Planning, Team Leadership and Supervision, Construction Project Management.

**Microsoft Office Suite:** MS Word, SharePoint, PowerPoint, MS Excel, MS Project

## EXTRA-CURRICULAR ACTIVITIES

---

- Co-Ordinator of 'Ougri -2017 (Technical and Cultural Fest of NIT Manipur)
- Executive Member of Kalam Club, NIT Manipur
- Training and Placement Co-Ordinator, Civil Engineering department, NIT Manipur.

## AWARDS

---

- Merit-Based: Awarded 'Top Merit Holder in State under 20 for 12<sup>th</sup> Grade examination.
- Awarded 'Top 10 Students of Civil Engineering' in the University.
