WORK EXPERIENCE

General Carpenter

Mansoor Hafiz Construction Company (MHCC), Afghanistan

2012 – 2021

- Constructed, installed, and repaired building frameworks and structures, including stairways, doorframes, partitions, and rafters.
- Measured, cut, and shaped wood, plastic, and other materials to fit project specifications.
- Interpreted blueprints, drawings, and sketches to ensure accurate project execution.
- Planned project layouts and determined dimensions, materials, and equipment required.
- Installed cabinets, shelves, drywall, windows, doors, and moldings.
- Assembled and installed structures and fixtures, such as windows, doors, and trim.
- Designed and built custom woodworking, including cabinetry, furniture, and detailed trim work.
- Modified and repaired wooden fixtures in both commercial and residential buildings.
- Executed detailed finish work, including trim, crown molding, and custom-built pieces.
- Applied varnishes, stains, and paints to enhance woodworking appearance.
- Conducted routine maintenance and repairs on existing carpentry structures to ensure safety and functionality.
- Replaced damaged or worn-out woodworking and other materials.
- Operated hand tools, power tools, and machinery, including saws, drills, sanders, and nail guns.
- Maintained tools and equipment to ensure safety and optimal functionality.
- Prepared construction sites by erecting scaffolding and ensuring proper support structures.
- Managed clean-up of debris and maintained a tidy work area, adhering to safety protocols.
- Collaborated closely with other construction professionals, including electricians, plumbers, and general contractors.
- Provided guidance and instruction to apprentices and less experienced workers.
- Adhered to all safety regulations and guidelines to maintain a safe work environment.
- Conducted safety checks and identified potential hazards on the job site.
- Managed inventory of carpentry materials to ensure efficient use and minimize waste.
- Ordered and procured materials and supplies as needed for various projects.
- Inspected completed work to ensure accuracy and compliance with specifications and building codes.
- Made adjustments and repairs to ensure the highest quality workmanship.
