2025 OCA Construction Symposium & Trade Show Wednesday, April 16, 2025

Message from OCA 2025 Chair Ken Crawford

The Ottawa Construction Association, along with our eight supporting associations, is pleased to host the fifth annual OCA Construction Symposium & Tradeshow on Wednesday, April 16, 2025 at the EY Centre.

This full-day of educational presentations combined with a trade-show floor of 160 exhibitors is not to be missed.

All OCA members are being provided with 2 complimentary registrations with additional registrations set at \$20 pp.

Included in your registration is complimentary parking, access to the trade show and any of the 12 educational sessions, coffee/juice in the morning, lunch and a complimentary beverage.

The website www.o.ca.ca/symposium will have the most-up-to-date information as well as featuring an interactive map of the trade show floor. A small number of trade show booths are still available as noted on back cover which can be reserved online or alternatively you can contact Stephanie Wallace, OCA's Assistant GM at stephanie@oca.ca or 613-236-0488, ext. 15

I am looking forward to seeing you there.

2025 Chair
Ken Crawford

8:30 to 9:30 a.m.

Option 2 in Meeting Room B

“CONSTRUCTION LAW UPDATE”

Dan Leduc and Andrew Ferguson, often adversaries but for this ‘learned friends’, are diving into the latest twists and tweaks to the *Construction Act*! Calm down. While these amendments might not seem earth-shattering, they’re definitely shaking things up behind the scenes—think holdbacks, proper invoices, and more. These sneaky changes are subtle enough to fly under the radar, so don't blink, or you might miss them!

President of RECL
Chair of OCA Education Committee

8:30 to 9:30 a.m.

Option 4 in Meeting Room D

BUILDING A STRONGER FUTURE HOW WOMEN ARE RESHAPING CONSTRUCTION

As 47% of the Canadian workforce is made up of women, this panel discussion aims to explore the critical role that gender diversity plays in shaping the future of the construction industry. As the sector continues to face challenges related to workforce shortages, attracting and retaining talented women is essential. This discussion would also emphasize on the power of collaboration between men and women in creating inclusive and high-performing teams.

By breaking down barriers, fostering mutual respect, and leveraging diverse perspectives, the construction industry can thrive, drive growth, and pave the way for a more equitable and dynamic workforce

FROM CHAOS TO CLARITY - A PRACTICAL APPROACH ON HARNESSING DATA FOR BUSINESS IMPROVEMENT

As the pace of technological change continues to accelerate, the construction industry has faced significant challenges in adopting new technologies and digitizing operations: low margins, a shortage of skilled technology workers, and complex integration between modern and legacy solutions. This interactive session is designed for construction leaders in operations and technology. During this session, attendees will begin to develop a customized and pragmatic data strategy and action plan that aligns with their business objectives and imperatives.
