## **SUMMARY**

Motivated and safety-focused welder with hands-on experience in SMAW, FCAW, GMAW, GTAW, and thermal cutting across various metals and positions. Trained in blueprint reading and fabrication, with a Welding and Fabrication Techniques Certificate from Algonquin College. Known for reliability, strong work ethic, and a commitment to producing high-quality welds that meet CWB, ASME, and AWS standards.

## **SKILLS**

- Proficient in welding processes including SMAW, FCAW, GMAW, GTAW, and thermal cutting, with experience across a variety of metals and thicknesses.
- Skilled in multi-position welding, ensuring high-quality joints per CWB, ASME, and AWS standards.
- Experienced in layout and fabrication techniques, with strong attention to accuracy in form, fit, and function.
- Able to read and interpret engineering drawings, blueprints, and welding symbols to guide project planning and execution.
- Able to select appropriate materials, tools, and fabrication methods to meet project requirements and specifications.
- Proficient in using shop equipment and hand tools to manufacture, assemble, and repair components to exact tolerances.
- Able to perform precise measurements and calculations using industry-standard tools to ensure quality and efficiency.
- Physically fit and capable of lifting heavy materials, working on feet for extended periods, and performing physically demanding tasks in fast-paced environments.
- Experienced in maintaining a strong safety record, following OHSA guidelines and site-specific safety procedures at all times.
- Adaptable and reliable, with experience working independently or as part of a crew on tight schedules and demanding job sites.

## **CERTIFICATIONS & TRAINING**

- |   |                            |
|---|----------------------------|
| ● Working at Heights                          | Expires September 21, 2026 |
| ● Propane Safety                              | Expires May 25, 2026       |
| ● Standard First Aid with CPR Level 4 and AED | Expires September 12, 2026 |
| ● Lockout/Tagout Safety                       | Completed May 23, 2023     |
| ● Fire and Fire Extinguisher Safety           | Completed May 23, 2023     |

## **EDUCATION**

Welding and Fabrication Techniques Certificate  
Algonquin College  
GPA 3.8/4.0 Dean's Honour List

Completion August 22, 2025

## **INDUSTRY EXPERIENCE**

### **Fluxworx Inc. — Welding Co-op Student**

September 2023 – January 2024

- Prepared and cut materials to specification for welding projects, ensuring accurate dimensions and clean edges.
- Supported fabrication of structural and custom components, including LRT signage and artistic metalwork.
- Operated and maintained shop tools, including the plasma cutter, under supervision.
- Maintained a clean, organized, and safe work environment per shop protocols.

## **NON-INDUSTRY EXPERIENCE**

### **Toys R Us — Merchandising & Customer Service Associate**

July 2023 – May 2025

- Assisted customers with locating products and resolving concerns at the customer service desk and returns counter.
- Demonstrated professionalism while representing the brand as Geoffrey the Giraffe mascot during in-store events.
- Collaborated with team members to restock inventory and build product displays with minimal supervision.

### **No Frills (Brandon and Megan location) — Meat Department Associate**

July 2022 – July 2023

- Ensured health and safety protocols were met.
- Delivered friendly, knowledgeable assistance to customers seeking specific products.
- Took initiative in maintaining display layouts and department readiness for opening hours.

### **Big D's Dog House — Cook & Cashier**

September 2015 – October 2022

- Provided prompt, courteous service while handling customer orders and processing payments.
- Prepared and cooked food per health and safety guidelines.
- Balanced fast-paced kitchen duties with front-line customer interaction.
- Worked as part of an assembly line to prepare quality food.

## **AWARDS**

- Nicole Leclair Welding Bursary Award, 2024
- Canerector Foundation Scholarship in the Skilled Trades, 2024
- CWB Welding Foundation Awards: Joseph G. Doria Exemplary Student Award (Welding), 2024
