Summary

Experienced heavy equipment operator with a comprehensive skill set including backhoes, excavators, loaders, and rock trucks. Possesses a Heavy Equipment Operators Certificate and additional certifications in Flagging, CPR, and WHMIS. Proven ability to operate machinery for excavation, grading, and material handling, adhering to strict safety standards and project timelines. Adept at equipment maintenance and dedicated to reliable, all-weather work on construction and utility projects.

Work Experience

Backhoe operator, Mattamy Homes, Ottawa, Canada

03/2022 – 06/2024

- Spearheaded excavation and grading operations using a backhoe on residential construction sites.
- Executed site preparation and groundwork in accordance with project blueprints and rigorous safety standards.

Equipment Operator, Valley Utilities, Ottawa, Canada

03/2025 – 12/2025

- Managed and operated a diverse fleet of heavy equipment, including excavators and loaders, for utility infrastructure projects.
- Performed comprehensive routine maintenance checks on machinery to ensure optimal performance and uphold safety protocols.

Backhoe and loader operator, Urban Life Solutions, Ottawa

04/2024 – 12/2025

- Expertly maneuvered backhoes and loaders for essential tasks such as digging trenches, backfilling, and material handling within urban settings.
- Ensured strict adherence to all safety protocols and municipal regulations throughout all operational activities.

Loader and rock truck driver, Lafage, Ottawa

06/2025 – 08/2025

- Transported substantial quantities of bulk materials, including soil, gravel, and rock, utilizing a loader and operated rock trucks for extensive excavation projects.
- Facilitated efficient loading and unloading procedures to rigorously maintain project timelines.

Swamper for hydro Vac truck, McDonald Liquid and Bulk, Ottawa, Canada

11/2025 – 06/2026

- Assisted hydro vacuum truck operators by meticulously preparing work sites, managing hoses, and executing general labor duties critical for liquid and bulk material removal.
- Maintained exemplary cleanliness and organization of all equipment and work areas.
