Position Overview

Are you a versatile “Jack” or “Jill” of all trades who thrives in an ever-changing environment? Do you take pride in your work and enjoy leading a team through new challenges? Rego Construction is seeking an experienced, hands-on Construction Foreman to join our dynamic team.

Key Responsibilities

- Lead and coordinate construction crews, assign tasks, and oversee daily site operations
- Organize labour, equipment, and materials to keep work progressing according to project schedules
- Perform various physical duties and provide hands-on guidance to team members as needed
- Operate and/or supervise the use of heavy equipment such as skid steers and mini excavators
- Ensure motorized power tools and hand tools are used safely and effectively, including but not limited to: quick cut, Sawzall, grinder, drill, hammer, rake, shovel, etc.
- Maintain and enforce all safety standards
- Read and interpret construction drawings and specifications
- Monitor work quality and ensure tasks meet project requirements
- Work collaboratively with project managers and team members to achieve project goals
- Communicate deficiencies, progress, and delays to project managers and help find effective solutions
- Maintain cleanliness of tools and job sites

Qualifications & Benefits

Requirements

- Government of Canada Secret (Level II) security clearance required, with the application process coordinated by the company
- Valid driver's license with a clean driving record
- Previous experience in a foreman or supervisory role in construction
